The COVID-19 Community Care Fund will help amplify vital work being done by nonprofit organizations to support families and businesses affected by the pandemic conditions. The COVID-19 Community Care Fund is part of a broader effort by TVA and Tuscumbia Utilities to support communities with resources, programs and assistance and reinforce the strength of public power in the Tennessee Valley.

By participating in the COVID-19 Community Care Fund each dollar donated to Colbert Caring Center or Tuscumbia Redevelopment Board as part of the Tuscumbia Utilities grant allocation will be matched dollar for dollar by TVA. This grant will provide \$10,000.00 in matching funds from TVA for \$10,000.00 in qualifying donations. Qualifying donations will be designated to help families and small businesses pay for utility bills in the Tuscumbia Utility service area.
